DESCRIPTION/FEATURES

Designed to define personal and team spaces, while dramatically reducing distracting sounds and noises within creative environments. YAKKA combines thoughtful design attributes with high performance acoustic materials to delivery a compelling form that conveys movement, when standing still. YAKKA is a truly unique solution that ships flat and assembles quickly to reduce wasted time, packaging and labor.

Features + Benefits:

- * highest quality P.E.T. - an ideal material for reducing ambient noise and sound within highly interactive environments.
- * toolless assembly
- * lightweight design encourages users to quickly and easily reconfigure to support varying degrees of visual privacy
- * wood base provides visual interest, structural support and stability

YAKFS4274

Then add to the end of model number:

- Base finish
- P.E.T. Color

Example: YAKFS4274BCT = a Yakka Floor Standing Screen with a Blonde wood base and Cadet panels

CARE INSTRUCTIONS

Vacuum regularly to remove dust.

For stains:

1. Blot excess spills from material quickly as possible. Wipe with a damp cloth.
2. If stain persists, a mild soapy water mixture and damp cloth can be used to rub the stain.
3. If stain still persists, use a polyester carpet shampoo cleaner mixed with water, a damp cloth and apply to the affected area (or as per manufacturer's instructions). Blot well after each application.

Infection Control:

If there is a need for infection control, bleach can be used in accordance with CDC Cleaning and Disinfection instructions. The solution ratio should be 5 tablespoons of bleach to 1 Gallon of water or 4 teaspoons of bleach per quart of water. Spray apply the solution as a mist and then wipe off the surface moisture to help spread the bleach solution

Always try these methods in an inconspicuous place on the product prior to trying on a visible area.

ENVIRONMENTAL INFORMATION	100% recyclable
